Finance	20FIN-132	2020-07-03	On May 13, Premier Brian Pallister stated: "I'm pleased to share with you I'm taking 25 percent off my basic MLA pay, as you previously reported. That's a combination, as I said at the time, of the foregoing of any inflationary increase in MLA pay that all MLAs in the Conservative Party have shared in. So every MLA and the PC team is taking a pay reduction. I'm taking an additional pay reduction which totals then 25 percent of my base MLA pay. All my senior advisory staff are taking the same pay reduction and we are in current discussion with all political staff about how they will be addressing this issue so that they demonstrate our willingness to show solidarity." Can I get the percentage of the pay cuts to MLA's, senior political staff and the rest of the political staff? What date did they come into effect and how long will they last. To make the process easier, I include a list of political staff and MLA's that was current as of February 2019. Please indicate the cut each person took and the dollar amount of the savings achieved. I would like to show taxpayers the total amount that was saved. Please add any staff/MLAs I missed on the list.	Access Denied - Exceptions to Disclosure	2020-11-04
